RJS Eco Committee Launch

Dear parent/guardian,

In this week's assembly, the children have explored the devastating effects of climate change and the impact that it will have on their future. During the assembly, the children have thought about a wide range of things that they can do to help the planet at home and in school.

At Rosehill, we will be creating an **'Eco Committee'**. The children chosen will be responsible for ensuring that Rosehill is as environmentally friendly as possible by advocating positive new changes, monitoring classes through exciting and fun eco challenges and running informative assemblies to the rest of the school.

The children who would like to be part of the committee have been set a challenge. This week we would like to see photographs and/or videos of them doing something at home to help our planet and supporting the aid to combat climate change. The photographs will then be shared with a panel of school counselors and those selected will receive a shiny badge to wear with pride around school.

Photographs and/or videos can be tweeted, emailed or brought into school.

The deadline is the end of the school day on Monday 6th March.

A reminder of year group twitters are:
