RJS Eco Committee

Dear parent/guardian,

At Rosehill, we have a successful '**Eco Committee**' that is ready to relaunch for our new school year.

What is the Eco Committee?

The Eco Committee is a group of pupils who meet each half term to discuss eco friendly and environmental issues within school which prepares children to live their future lives with consideration for global issues. In previous years, our Eco Committee supported school to run a 'Lights off Day', collected food for a local food bank, planted wild flowers and ran Eco Assemblies.

The roles and responsibilities of the Eco Committee are to:

- attend regular meetings.
- discuss issues and think of solutions.
- express their own views and those of their peers.
- be active in contributing to help lead changes that have been decided on environmental issues.

Why do we have an Eco Committee?

-To ensure our school is eco-friendly and prepares pupils to live with reflection of the environment.

-To make sure each class has a platform to voice their opinions.

-To discuss and raise issues related to the environment.

How are we going to select our class Eco Committee?

Attached to this letter is a poster which is placed around school to inform the children on how they can join the Eco Committee. Once all posters are collected, a panel of staff and children across school will then take a vote.

This is a fantastic opportunity for children across school to get involved and take responsibility for their own environmental future. We are looking forward to seeing all the entries.

Kind regards,

Miss Rooney
