

Rosehill Junior School Accessibility Plan

Active January 2026 to 2029

Vision Statement

Under the Equality Act 2010, all schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:

- a) He or she has a physical or mental impairment, and
- b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Accessibility Plan is listed as a statutory document of the Department for Education’s guidance on statutory policies for schools. The Plan must be reviewed every three years and approved by the Governing Body. The review process can be delegated to a committee of the Governing Body, an individual or the Head.

At Rosehill Junior School we are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.

Whole school training will recognize the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010. The Accessibility Plan is published on the school website.

Aims and Objectives

- 1. To increase the extent to which disabled pupils can participate in the school curriculum**
- 2. To improve the physical environment of the school to increase the extent to which pupils with a disability, medical condition or other access needs can access education and associated services.**
- 3. Improve the delivery of information to pupils, staff, parents/carers and other members of the school community**

Our objectives are detailed in the Action Plan below.

The Accessibility Plan has been developed and drawn up based upon information supplied by the Academy Trust consultations with pupils, parents, staff and governors of the school. The document will be used to advise other school planning documents and policies and will be reported upon annually in respect of progress and outcomes.

We are committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to adhering to the principles of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

Our Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipates the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan relates to the key aspects of curriculum, physical environment and written information:

Curriculum

Increase access to the curriculum for pupils with a disability, adapting the curriculum as necessary. This includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, sports events, leisure and cultural activities or school's visits – it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe (If a school fails to do this, they are in breach of their duties under the Equalities Act 2010).

Physical Environment

Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe.

Written Information

Where needed, adapt the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include adaptations to hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe. Whole school training will recognise the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

This Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- *Health & Safety Policy*
- *Special Educational Needs Policy*
- *Supporting Children with Medical Conditions and Administration of Medicines Policy*
- *Educational Visits Policy*

Current Good Practice

We aim to ask about any disability or health condition in early communications with new parents and carers. For parents and carers of children already at the school, we collect information on disability through medical care plans and SEND review meetings.

Curriculum

Through planning for individual needs, we aim to provide as inclusive an approach as practically possible. Some areas of the curriculum present particular challenges, for example: PE or school visits for pupils with a physical impairment, however all reasonable adjustments are made to support as full an involvement as possible. The SENDCo provides additional support for pupils and supports teachers in implementing strategies for improving pupils' access to learning.

The school works closely with specialist services including:

- *Educational Psychology*
- *Learning Support Service*
- *Hearing Impairment Team*
- *Speech and Language Therapy*
- *Community Pediatrics*
- *CAMHS*
- *School Nursing*

Physical Environment

The aim is to continue to enhance the environment to meet the needs of all pupils and ensure that they have access to all aspects of education offered by the school. Disabled pupils participate in extracurricular activities. Some aspects of extra-curricular activities present particular challenges, for example: lunch and break times for pupils with social/interaction difficulties, after-school clubs for pupils with physical impairments or school trips for pupils with medical needs.

Information

Different forms of communication are made available as needs are identified to enable all disabled pupils to express their views and to hear the views of others. Access to information is provided in a range of different formats available for disabled pupils, parents and staff as needed.

Access Audit

The school building is in good condition and has had development work done to the front entrance that provides good accessibility. Immediately inside the main entrance, there is also a fully compliant disabled toilet. The further inclusion of a ramped access point to the rear outside the Year 4 Cloakroom ensures easy access from both sides of the building.

Parts of the external site present some access challenges mainly due to the fact that the school site is built on an incline. This leads to some areas of the school site being more challenging to access. Where this is the case, activities can simply be relocated to different areas on site, ensuring inclusivity for all. With support, apart from when the grass areas are too boggy, a wheelchair could be used to navigate the whole school site with support from an adult.

There are 2 rooms in the school situated on the second floor however, these are not teaching spaces and where access becomes an issue, there are alternate spaces in the school on the ground floor with easy access that can be used. All entrances into the classrooms are via the playground. Fire doors on the corridors are fitted with door guards so that they close automatically once the fire alarm is set off.

Adequate on-site car parking is available for staff and visitors to the school and there is a clearly marked dedicated disabled parking spot. There are further disabled toilet facilities available in the school sports hall.

The school has updated internal emergency signage as of December 2022 and escape routes are clearly marked. In the event of emergency evacuation down the steps at the road facing fire exits or the need to evacuate from the second floor, school has access to an evacuation chair.

Management, coordination and implementation and review

We consult with other professionals and services when new situations regarding pupils with disabilities are experienced. The Governors and Senior Leadership Team work closely with the Local Authority, appropriate agencies and parents to consider their children's needs.

Complaints

The school works, wherever possible, in partnership with parents to ensure a collaborative approach to meeting pupils' needs. If there are any complaints relating to the provision for pupils with access needs these will be dealt with in the first instance by the Head of School. The SEND Governor or Chair of Governors may be involved if the complaint is not resolved satisfactorily.

Rosehill Junior School Accessibility Action Plan

January 2026 to 2029

Aim 1: To increase the extent to which disabled pupils can participate in the school curriculum.

Our key objective is to reduce and eliminate barriers to access to the curriculum and to ensure full participation in the school community for pupils, and prospective pupils, with a disability, medical condition or other access needs.

Targets	Strategies	Timescale	Responsibilities	Success Criteria
To liaise with feeder school providers to prepare for the new intake of children into school each year.	To identify pupils who may need adapted or additional provision.	Summer Term Annually	Senior Leadership Team SENDCo Teachers	Provision in place ready for when the child/ren starts school.
To liaise with educational establishments to prepare for the intake of new children who transfer within year.	To identify pupils who may need adapted or additional provision.	Ongoing as need arises	Headteacher Senior Leadership Team SENDCo	Provision set in place ready for when the child/ren start school.
To review all policies to ensure that they reflect inclusive practice and procedure.	To comply with the Equality Act 2010.	Ongoing	Headteacher Senior Leadership Team Curriculum Teams	All policies clearly reflect inclusive practice and procedure.
To continue close liaison with parents.	To ensure collaboration and sharing between school and families.	Ongoing	Headteacher Senior Leadership Team SENDCo All Teachers	Clear collaborative working approach through Early Help Assessment and multi-agency approaches.

<p>To establish and maintain close liaison with outside agencies for pupils with additional needs.</p>	<p>To ensure collaboration between all key personnel.</p>	<p>Ongoing</p>	<p>Headteacher Senior Leadership Team SENDCo Outside Agencies</p>	<p>Clear collaborative working approach through regular meetings, and where appropriate, risk assessment reviews, provision reviews and action planning.</p>
<p>To include pupils with a disability, medical condition or other access needs as fully as possible in the wider curriculum including trips and residential visits as well as extra- curricular provision.</p>	<p>Create personalised risk assessments and access plans for individual children. Liaise with external agencies, identifying training needs and implementing training where needed. Ensure that actions, including emergency evacuation procedures, are clear and that staff are capable of carrying them out.</p>	<p>Ongoing</p>	<p>Headteacher Senior Leadership Team SENDCo All Teachers All Support Staff</p>	<p>Evidence that appropriate considerations and reasonable adjustments have been made.</p>

Aim 2: To improve the physical environment of the school to increase the extent to which pupils with a disability, medical condition or other access needs can access education and associated services.

Tasks/Targets	Strategies	Timescale	Responsibilities	Success Criteria
<p>Improve the physical school environment to better cater for the needs of pupils who are not yet able to access the mainstream KS2 curriculum.</p>	<p>The school will take account the needs of pupils with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting and colour schemes, clear signage and more accessible facilities and fittings.</p>	<p>Ongoing</p>	<p>Headteacher SENDCo</p>	<p>Evidence that appropriate considerations have been made wherever physical school improvements are carried out. Lighting Upgrade completed in Learning spaces and further Learning Spaces are developed in the main building including a sensory room.</p>
<p>Ensure that reasonable adjustments are made for pupils with a disability, medical condition or other access needs.</p>	<p>Create personalised risk assessments and access plans for individual pupils. Liaise with external agencies, identifying training needs and implementing training where needed. Ensure that actions, including emergency evacuation procedures, are clear and that staff are capable of carrying them out.</p>	<p>Ongoing</p>	<p>Headteacher Senior Leadership Team SENDCo</p>	<p>As full as possible inclusion for all pupils. Emergency evacuation signage upgraded and compliant to ensure safe evacuation.</p>

Aim 3: Improve the delivery of information to pupils, staff, parents/carers and other members of the school community

Targets	Strategies	Timescale	Responsibilities	Success Criteria
To enable improved access to written information for pupils, parents and visitors.	Create and offer information in alternative formats. Access arrangements are considered and put into place for statutory testing.	Ongoing	Headteacher Senior Leadership Team Teachers Admin Team	Evidence that appropriate considerations and reasonable adjustments have been made.
Ensure that reasonable adjustments are made for parents with a disability, medical condition or other access needs so as they can fully support their child's education.	Adopt a proactive approach to identifying the access requirements of parents and make reasonable adjustments where possible.	Ongoing	Whole School Team	Evidence that appropriate considerations and reasonable adjustments have been made, so that parents can fully support their children in their education.
Consider accessibility features of the new school website and future publications to further enhance our accessible offer.	Wherever possible and practical, consider accessibility features and compliance when publishing new content to the web or for parental publication.	Ongoing	Headteacher Senior Leadership Team Teachers Admin Team	Where possible, publications are compatible with screen readers and wider accessibility features such as high contrast settings.

Monitoring & Review

This policy will be reviewed every 3 years. The next review date January 2029. The review will be conducted by the Headteacher in collaboration with the Governing Body.
